Joined Feb 11, 2002. · 46 Posts. #2 • Oct 6, 2006. I was able to removed the rear deck "package tray trim panel assembly" by first removing the rear seat headrest, then removing the two roof side inner garnish assembly. The roof side inner garnish is little tricky, you must pop the rear of the trim and then pull forward away from the rear window. After you have successfully removed the inner trim you must disconnect the rear brake connector before popping up the rear deck and pulling it ...
