When I first got my 1100 there was a lot of valve clatter when hot ...

R1100, clicking/knocking coming from right cylinder ...

I'm about to replace the transmission on my '99 R1100R (broke the right subframe mount on a trail ride a few weeks ago - I did order the GS hard parts kit to reinforce the mount) and I have a couple of questions before I tear into it. First off, I was planning on replacing the clutch friction disc while I'm in there. The bike has about 50k on it so I was wondering if there is any compelling ...

Possible causes for high or low idle in a motorcycle

Design. The R259 1,085 cc flat-twin engine has a maximum output of 90 horsepower (67 kW). The engine was named "Oilhead" as it had air-cooled cylinders but oil-cooled heads.. The BMW R1100RS used a frameless design, using the engine as a stressed member, an approach used by BMW for all subsequent oilheads (except the R1100S). Instead of having conventional telescopic forks, the R1100RS used BMW ...
