So what is employment law? Employment law governs over the duties and rights between employers and employees. Typically referred to as labor law, these rules were mainly created to make sure that employees are safe and treated correctly. Nevertheless, the rules are also there to protect employers' interests too. Employment law is based on state and federal constitutions, administrative rules, legislation, and court opinions.

The Basics: Employment Law | CEB

What It Means: This law protects your employees' right to talk about their working conditions. This means it's illegal for you to prohibit or punish employees for talking about their salaries or for complaining about scheduling. Why Managers Should Know It: Often considered a union-only law, this act applies to your workplace, too. One of my friend's daughters was just fired for talking about her salary with a coworker.
