Maxxforce engine issues | IPR valve replacement - YouTube

Maxxforce engines were supposed to free International from the hassles of dealing with outside suppliers. Building engines in house make sense as the profits stay in house. If you make your own engines you are not at the mercy of an outside vendor who can idle your production lines when they experience problems of their own.

Goodbye Maxxforce - Daily Diesel Dose

It produces 200 hp (149 kW) and 440 lb·ft (597 N·m) of torque and is backed by a Ford TorqShift 5 speed automatic. For the 2007 model year, the VT275 was brought up to 2007 EPA emission standards and renamed the MaxxForce 5. It has since been discontinued for the 2010 model year. MaxxForce 7

Navistar VT engine - Wikipedia

And since the MaxxForce (or any of the Navistar engines for that matter) are brand new to the RV market, few RV dealers would be familiar with it anyway. But, since engine work is normally done by engine/chassis dealers, the Cummins has been used in RV's for decades, so Cummins dealers are familiar with the engines AND the engines in an RV application.
