BMC - Virology Journal - short report Template

Virology Journal is an open-access peer-reviewed medical journal published by BioMed Central. It publishes research related to viruses and the prevention of viral infection (including vaccination, the use of antiviral agents, and gene therapy).

Virology Journal - Wikipedia

Convalescent plasma (CP) transfusion was reported to be effective in treating critically ill patients with COVID-19, and hydroxychloroquine could potentially inhibit SARS-CoV-2 in vitro. Herein, we reported a case receiving combination therapy with CP transfusion and hydroxychloroquine for the first time. Laboratory findings showed high lactic acid level (2.1 mmol/L) and C-reactive protein (CRP ...
