This chapter surveys and analyses major trends in Roman law enforcement and approaches to public order. Chronological coverage runs from the early Republic through later Antiquity, but especially concentrates on the late Republic and early Principate. The overall focus is on society's responses to perceived challenges to public order, and the state institutions which engaged in ...

Police Functions and Public Order - Oxford Handbooks

Historians often regard the police as a modern development, and indeed, many pre-modern societies had no such institution. Most recent scholarship has claimed that Roman society relied on kinship networks or community self-regulation as a means of conflict resolution and social control. This model, according to Christopher Fuhrmann, fails to properly account for the imperial-era evidence ...
