Henrique Fernando Cardoso and Enzo Faletto's Dependency and Development in Latin America traces the socio-economic evolution of Latin American societies from colonial times until the time when the book was published. The first edition, written in Spanish, appeared in 1969, the English version followed ten years later in 1979.

Cardoso and Faletto's "Dependency and development in Latin ...

Since the 1960s, dependency theory seeks to explain the characteristics of dependent development in Latin America, although it also includes consideration of Asia and Africa. Dependency theory responds to a different economic and social reality in Latin America, Asia, and Africa in comparison to developed countries.

Dependency Theory in Latin American History - Latin ...

Dependency and Development in Latin America is former Brazilian president Fernando Henrique Cardoso and Enzo Faletto's historical materialist account of the preconditions and conditions of economic development in Latin America. The preface and introduction flatly rejects a narrow empiricism and particularism and instead adopts a holistic, dialectical, historical-structural approach.

Review of "Dependency and Development in Latin America ...

In the 1960s, members of the Latin American Structuralist school argued that there is more latitude in the system than the Marxists believed. They argued that it allows for partial development or "dependent development"-development, but still under the control of outside decision makers.

Dependency theory - Wikipedia

Latin American dependency theory is a strand of political-economic thought that developed out of the UN Economic Commission for Latin America and the Caribbean (ECLAC) shortly after World War II. Dependency theorists sought to explain persistent levels of under-development in Latin America by situating national economies within their global economic context.

Latin American Dependency Theory | Global South Studies, U.Va.

This expanded and revised edition of the classic work on dependency in Latin America had an enormous influence on a generation of American scholars, as it had in the preceding decade influenced many Latin American intellectuals. Dependency theory came to form a virtually monolithic interpretive framework.

Dependency and Development in Latin America | Foreign Affairs

To wrap up, Dependency and Development in Latin America is an assortment of promises and pitfalls. At the heart of the analysis of the new nature of dependence in the book it is stated that when a political crisis arises "the only alternatives are opening the market to foreign capital or making a radical political move toward socialism".
