Smelling good was considered holy, while bad odors were associated with sin, so people in the Middle Ages definitely did what they could to stay fresh. Many experts believe that this myth sprouted because of the Black Death, which struck Europe in the 14th century.

Five Absurd Myths about the Middle Ages - History

The Middle Ages — that period from about the year 500 to 1500 — are the source of so much Western culture, everything from great works of fiction to popular traditions to Monty Python jokes. It's painted in our heads an image of what we think the average medieval person looked like and did all day, and when we examine that image, we find that it is informed at least as much by fiction as ...

Pop Quiz: Myths of the Middle Ages - Skeptoid

This myth originated with a famous book by historian Philippe Ariès, first published in 1960, which claimed that there was no distinctive notion of childhood in the Middle Ages. It is patently untrue – medieval children were certainly treated differently from modern children, but there was a real sense that children had different needs and different behaviours from adults.
