Abstract. Ellen G. White, the "prophetess" of the Seventh Day Adventists, has received no attention from historians. Professor Numbers, who has had at least partial access to documents hitherto completely closed to scholars, has written an admirable biography, valuable to anyone with the slightest interest in the social and medical history of 19th century America.

I nominate Ronald Numbers's Prophetess of Health: A Study of Ellen G. White. It appeared in 1976, and for those of us who remember its appearance the fortieth anniversary of that event is a melancholy reminder of life's passage. But it should also be a moment to ponder Numbers's impact on Ellen White studies.
