The Dark Tide is a stunning fantasy YA debut from Australian author Alicia Jasinska and first in the self-titled series set on the moody atmospheric island city of Caldella. The Dark Tide offers an exciting and immersive story with a strong feminist slant that subverts common YA tropes and forges its own original path.

Chris Patton is the perfect narrator for the Adrien English stories. His voice IS Adrien and yet he is able to make Jake and every other character unique, distinct and believable. His pacing is great; the characters and story come alive with his skill and ability to inject drama, humor, sensuality, and tension in just the right degrees.

it gives Adrien an excuse to stay in contact with Jake. First and foremost, The Dark Tide is the perfect ending to this series. The mystery in this one is great because after the drama in the fourth book, and with Adrien so weak after his surgery, he really couldn't be running from murdering bad guys again.
