The Dynamics Of Military Revolution

The Dynamics of Military Revolution aims to bridge a major gap in the emerging literature on revolutions in military affairs, suggesting that there have been two very different phenomena at work over the past centuries: 'military revolutions', which are driven by vast social and political changes; and 'revolutions in military affairs', which military institutions have directed, although ...

The Dynamics of Military Revolution, 1300-2050

The closely related concept of "military revolution" emerged in 1955 in an inaugural lecture by the British historian Michael Roberts. Roberts argued that in the early seventeenth century, under the leadership of the warrior-king Gustavus Adolphus, Sweden had embarked on a military revolution that had swept away traditional approaches to military organization and tactics throughout the West.

The Dynamics of Military Revolution, 1300-2050

The Dynamics of Military Revolution bridges a major gap in the emerging literature on revolutions in military affairs. It suggests that two very different phenomena have been at work over the past centuries: "military revolutions," which are driven by vast social and political changes, and "revolutions in military affairs," which military institutions have directed, although usually with great ...
